

American Education Week

Please "POP" In

November 15 – 19, 2021

We have many great things happening at North Laurel Early Learning Academy. Please pop in for a glimpse of your child's school day. We are extending visitation throughout the week to help with the number of visitors we have in our building at one time. Parents may visit either the morning or afternoon session on the day designated to the student's last name. ALL parents must wear a mask to enter the building.

If you are visiting, we kindly ask you to please respect the following:

- ALL parents must wear a mask to enter the building, show ID, and sign in at office.
- Visit on the day arranged according to the first letter of your child's last name.
- Sign in at the front door and sign out when you leave.
- We kindly ask that you do not bring any siblings.
- While visiting, please do not interrupt the class.
- Be sure to have all mobile devices turned off or silent while visiting.
- A friendly reminder that taking photographs and video during visitations is not permitted in an effort to protect our students' privacy and confidentiality.
- Please do not bring any food or beverage into the classroom.
